FILTRATION SPECIALISTS

# Health and Safety Policy

Amazon Filters Ltd takes health and safety in the workplace seriously and is a member of the [British Safety Council](#). Our policy is to:

- Provide adequate control of the health and safety risks arising from our work activities;
- Consult with our employees on matters affecting their health and safety;
- Provide and maintain safe plant and equipment;
- Ensure safe handling and use of substances;
- Provide information, instruction and supervision for employees;
- Ensure all employees are competent to do their tasks, and to give them adequate training;
- Prevent accidents and cases of work-related ill health;
- Maintain safe and healthy working conditions, and to review and revise this policy as necessary at regular intervals.

# Environment Protection Policy

Amazon Filters Ltd is an [ISO 9001:2008](#) accredited company that is involved in environmentally friendly filtration solutions for water, waste water, chemicals, and other fluids in all different sectors of industry.

Our policy is to help protect and preserve the environment we live in by providing support and advice to those who need it, and by ensuring that we are taking steps to minimise waste and avoid pollution in our own manufacturing plants. We will endeavour to achieve this by:

- Ensuring that we comply fully with the current environmental legislation, regulations and codes of practice that are appropriate to our business.
- Implementing waste minimisation programs and recycling initiatives wherever practical in our facilities.
- Implementing environmentally friendly manufacturing and product technologies wherever technically and economically feasible.
- Auditing our company's systems and policies on a regular basis to ensure we are complying with our stated aims and to identify opportunities for further improvement.
- Advising any interested parties of our policy and offering advice and information as appropriate.
